# DoggoLingo:

DoggoLingo, is a language trend that's been widely used on the Internet in the past few years. Dog internet memes are everywhere and the lingo that they've spawned has become unofficial language of dog lovers everywhere.

DoggoLingo basics:

Puppers, doggos, floofers and puppos.

Doggolingo also has other terms for classifying types of dog barks like : yip , ruff , bark ,boof . Also some dog sounds are : blep , mlem , awoo,bork .

There is also terminology for doggo sizes , doggo thoughts and their interactions with humans or should I say hoomans ?

- Doggos is a generic term for describing dogs , they are usually average sized tail wiggling friendly dogs.

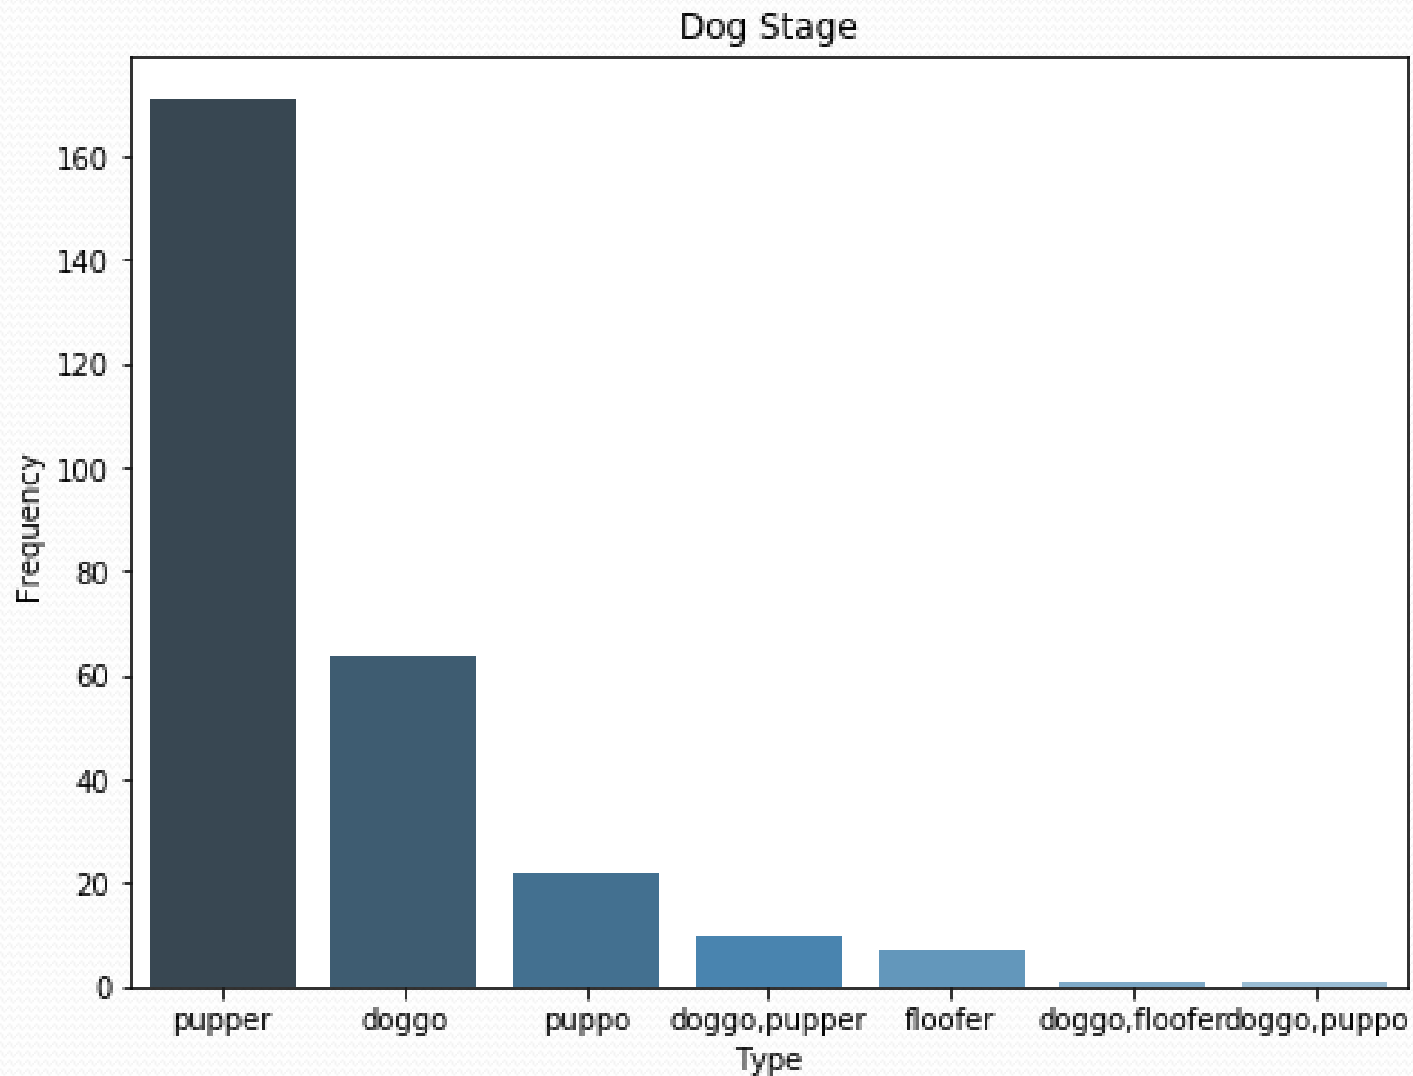

Puppers are smaller doggos ,also known as: puppies , They are the cutest dogs you will ever see .

Floofers are very big and fluffy dogs such as a Samoyed or Pomeranian.

Lets take a look at popular dog stages among the WeRateDogs community :

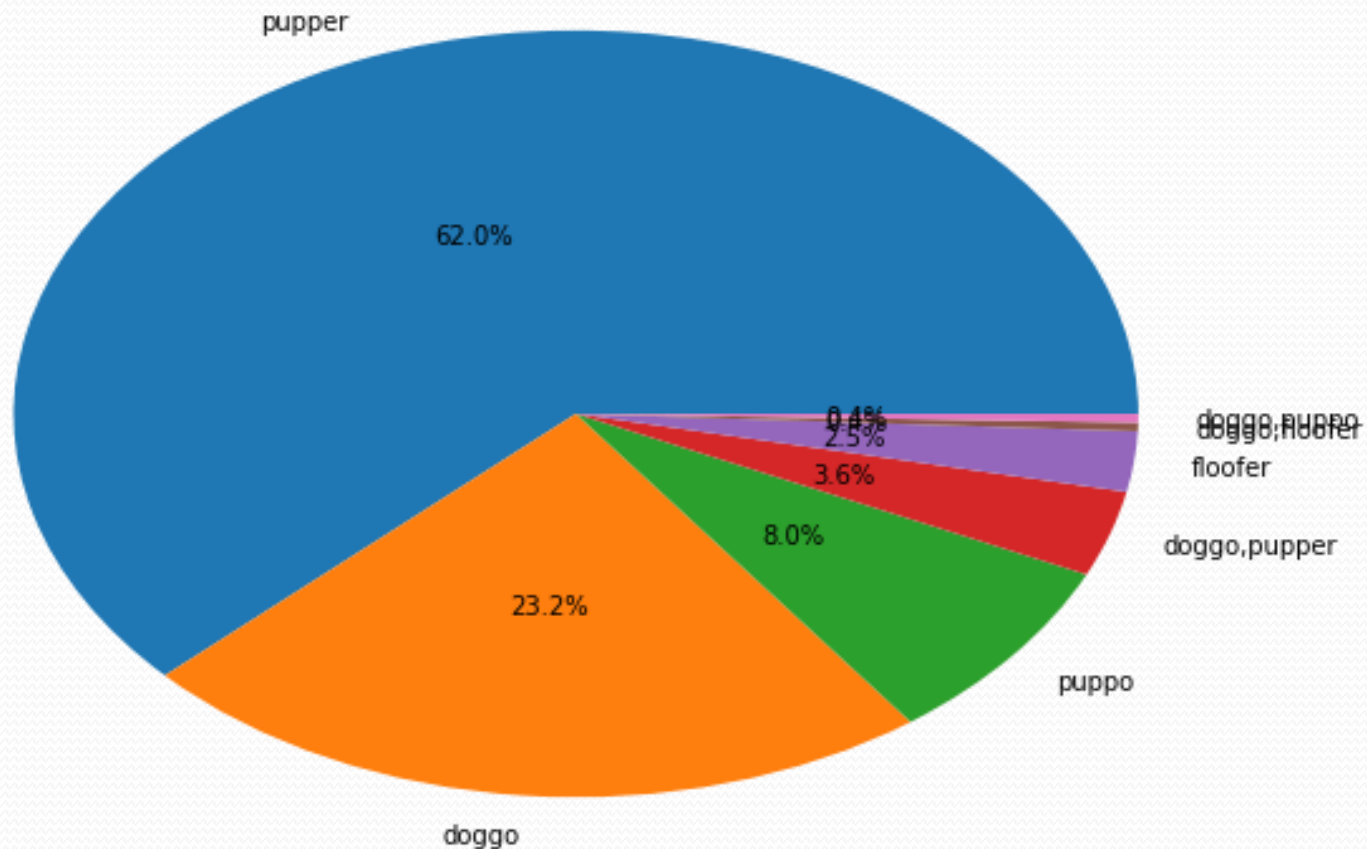

The most popular dog stage is the pupper.

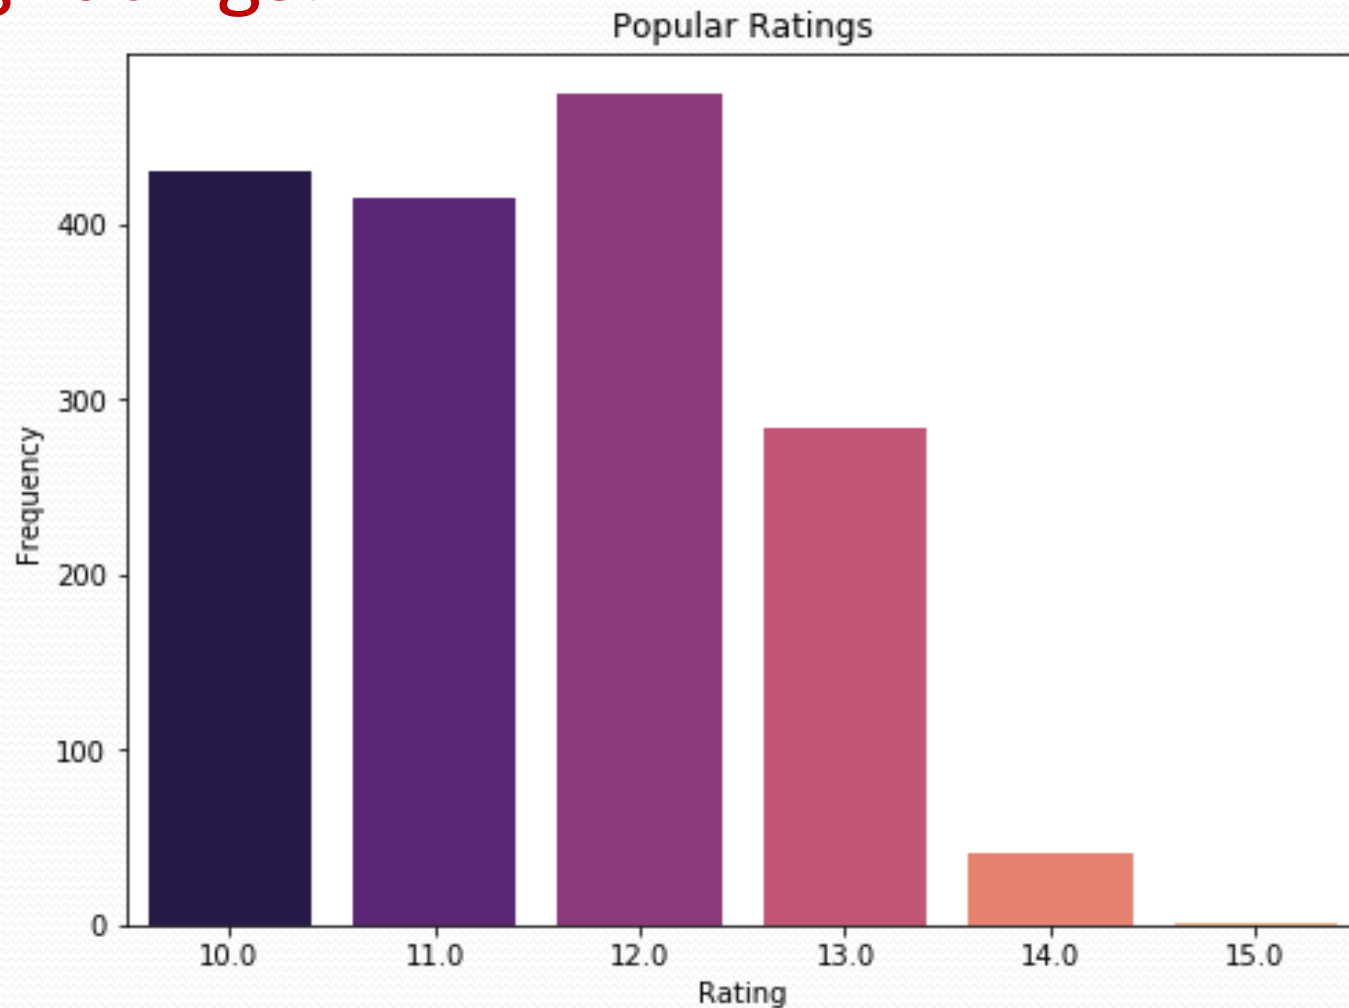

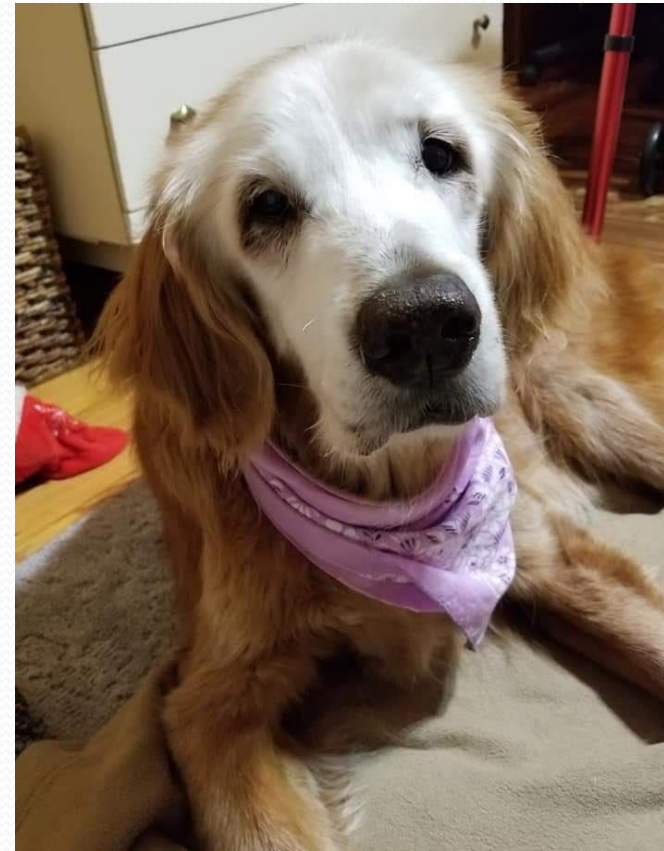

The Pupper is the most common Dog amongst Dog owners.

Now let's take a look at the most popular dog ratings:

# Turns out 12 is the most common dog rating.

Fun Fact : The highest rating a dog has ever gotten was 15/10 that's why it is so rare as only a few champs could reach these heights .

And Finally Lets take a look at the Favourites vs retweet counts given by WeRateDogs :
